Our Path Reference: COR-2809

Parish: Calstock **Grid Reference:** SX416718

Application Details

Map of Path:

Route applied for is shown in RED DASHES

Description of Path:

Path starts at County Road C0229 SX41477188 and ends at Junction of FP 22 and FP24 SX41667204

The route leaves the current county road by a house and crosses the old railway line via a wide bridge, condition unknown. The path then zigzags around a building/house and then traverses a now wooded area to reach an old farmstead from which it skirts. It then goes along an old lane to join the unclassified road and the remainder for FP22.

Current Recorded Status:

Part of the path is recorded as Footpath on the Definitive Map.

Path is not recorded on the List of Streets.

Status being applied for: Restricted Byway

Notes:

Path is obstructed.

This application involves upgrading most of this half of FP 22 but at two buildings it involves deleting the path through the building and adding a new restricted byway along the old road which runs around the buildings in both cases. We submit the route on the definitive map was drawn in error through buildings as they both existed in 1880 and probably before.
