

I, **ARTHUR THOMAS DOUGLAS MORGAN** of Treetops Golant Cornwall **DO**  
**SOLEMNLY AND SINCERELY DECLARE** as follows:-

- 1 I have lived and worked in Golant since 1951 and I am familiar with the village. I have served as a member of the Parish Council of Golant for well over 20 years.
- 2 Attached to this Declaration is a plan showing with red edging the village green area at Golant which is owned and administered by the Parish Council. The village green is approached by a track leading from the Public Highway which then runs across the village green. On one side of the track nearest river Fowey is the main part of the green used for games and recreation whilst on the other side is the parking area.
- 3 For as long as I can remember the Parish Council has always controlled the use of the access track of the main part of the green and of the parking area. Individual villagers have been permitted to park vehicles on the parking area but the Council has always been very careful to prevent the car parking area being used by the general public. Similarly the Parish Council has always prevented unauthorised persons from driving vehicles over the track and I am not aware of anyone suggesting that they enjoy a vehicular right of way over it.
- 4 In 1985 the Parish Council erected a notice board where the track leaves the public highway to the village green and attached to this Declaration are two photographs of the sign. The purpose of the sign was to make it clear that the access road was private that it could only be used with the permission of the Parish Council and that there was no intention to dedicate the track as a public right of way. The notice board remained in situ from 1985 until the summer of this year when it was decided to remove it so as to make the entrance to the village green less cluttered with signs and notice boards.

AND I MAKE THIS DECLARATION conscientiously believing the same to be true and by virtue of the provisions of the Statutory Declarations Act 1835

DECLARED by the said )
